

2006 ANIMAL LAW-RELATED ARTICLES

EDITOR'S NOTE

Animal Law is pleased to introduce as a new annual feature the following bibliography of animal law-related articles published in law reviews and law journals during the previous year. For ease of reference, each article has been placed into a relevant category and each category provides a non-exhaustive list of potential topic examples. Some articles may appear in more than one category. Although we have made every effort to be as comprehensive as possible and present a complete listing of 2006 articles, this list may not be all-inclusive. We hope this compilation will serve as a useful resource in exploring contemporary issues in the field of animal law.
